Summary

Full Stack Developer with expertise in front-end and back-end development. Excited to work in a team and create meaningful solutions.

Projects

[Link] **Food Ordering Application** - Front-end and back-end development

Tech Stack: Reactjs, Nodejs, ExpressJs, Tailwind CSS, MongoDB
- Built a secure administrative dashboard with role-based access for authorized users.
- Developed APIs for user login, registration, and role-based access control.
- Implemented features for admins to efficiently manage menus, food items, and discount coupons.
- Integrated Stripe for seamless online payment processing.
- Developed a user-friendly search functionality to help users find their favourite dishes easily.

[Link] **Task Tracker App** - Front-end development

Tech Stack: React.js, Redux, Tailwind CSS
- The application allows users to add, delete, and mark tasks as completed.
- Enables task completion marking and visually distinguishes between completed and incomplete tasks.
- The application offers a responsive interface, ensuring usability on both desktop and mobile devices.
- Tasks added by the user are saved in local storage, allowing them to persist even after the page is refreshed or the browser is closed.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Redux, Tailwind CSS, Bootstrap
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Version Control:** Git, GitHub

Education

Savitribai Phule Pune University, Pune, Maharashtra   **Dec 2022 – April 2024**

Master of Computer Application   CGPA: 7.89

Amravati University, Yavatmal, Maharashtra   **Sep 2019 – Aug 2022**

Bachelor of Computer Application   Percentage: 77.89%

Certification / Internship

Web Development Intern | CodeClause | April 2024 – May 2024

- Developed a Todo List app using React.js, Redux, Tailwind CSS to enhance functionality and user experience.
- Created a landing page with HTML, CSS, and Tailwind CSS, strengthening my skills in front-end development.

MongoDB NodeJs Developer Path | Oct 2024
